Press Release:

NPA-TV Provides Access to New Construction Project

Norwood Public Access Television is excited to announce that they are providing the public access to the Construction of the New Norwood High School!

Starting today, you will be able to visit www.npatv.org and watch a LIVE webcam feed of the Construction project. A Webcam has been mounted on the top of the NHS clock tower and website visitors will be able to watch the live feed and move the camera.

NPA-TV has also created an option for those without access to the internet by wiring an additional video camera in the NHS clock tower. Starting Tuesday, October 13th, NPA-TV will broadcast the video camera feed live on the Town Channel. This will allow the residents of Norwood a daily birds-eye view of the construction live as it happens. Tune in every weekday at 1:30PM to watch the live feed. NPA-TV will then record the live broadcast and replay it that evening at 6:00PM.

On a monthly basis, NPA-TV's *Norwood Digest with Jack McCarthy* interviews the Owner's Project Manager and his team about the construction progress and you will also find a time lapse video on each episode as well as on the NPA website: www.npatv.org.

Norwood Public Access TV is proud to provide ongoing coverage of the NHS project throughout the next two years and looks forward to documenting the construction.

NPA-TV's Channels are:

Town Channel – Norwood Light Broadband channel 23, Comcast ch 8 or Verizon ch 35

School Channel – NLB ch 22, Comcast ch 12 or Verizon ch 34

Community Announcements Channel – NLB ch 24, Comcast ch 22, or Verizon ch 33
