Press Release:

***NPA-TV has busy Winter!***

NPA-TV has been documenting Norwood's recent snowfalls and following the DPW with our cameras throughout the storms. This Friday, Feb 18th on the Town channel at 7:30PM get a behind-the-scenes glimpse of what goes into clearing our streets and sidewalks and keeping the roads safe for our residents. Produced by NPA-TV Staff Producer Nick Straus, the 30 minute documentary will include interviews with Norwood DPW employees, footage from inside the plows at the height of the storms and scenes from the DPW headquarters where they keep it all organized. From the first snowflake through the last truck of snow hauled away, NPA-TV has been there taping all the action for you!

Also premiering on Friday Feb 18<sup>th</sup> is a new profile of the Norwood Board of Health produced by NPA-TV's Meghan Staffiere. Highlighting the various roles the department plays in many ways around town, the show will include staff interviews, a trip to a local kitchen for an inspection and a look into keeping the town pools sanitary.

This is just a quick snapshot of all of the many new shows NPA-TV is working on! Please visit our website at [www.npatv.org](http://www.npatv.org) and like us on Facebook to keep up with all of our programming.
